Basking Ridge, NJ 07920

SHORT TERM PUBLIC NOTICE UNDER RULE 51.333(a)

June 3, 2026

Carrier: Verizon Virginia LLC, 22001 Loudoun County Parkway, Ashburn, VA 20147

Contact: For additional information on these planned network changes, please contact:

Lisa M Thompson
Global Engineering and System Performance
Verizon Wireline Network Operations
13100 Columbia Pike
Silver Spring, MD 20904
(410) 375-9777

Michael Childs
Associate Director
Verizon Network Engineering
5055 North Point Pkwy.
Alpharetta, GA 30022
(469) 497-4466

Implementation Date: On or after **July 29, 2026**

Planned Network Change(s) Will Occur at the Following Virginia Location(s):

Verizon Central Office	Address	CLLI
Petersburg VA 5ESS Switch	101 N. Union Street Petersburg, VA 23803	PTBGVAPBDS0
Grace Street VA CS2K	703 E. Grace Street Richmond, VA 23219	RCMDVAGRPS1

This notice may also be viewed at:

<http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Petersburg VA 5ESS switch are associated with CLLI code PTBGVAPBDS0 and will not be repeated throughout the notice.
- All references to the Grace Street VA CS2K switch are associated with CLLI code RCMDVAGRPS1 and will not be repeated throughout the notice.

Description of the Planned Network Change(s):

The Verizon Petersburg VA 5ESS switch, located at 101 N. Union Street, Petersburg, VA 23803, will be retired and removed from the Verizon network after all traffic served by this switch is migrated to the Verizon Grace Street VA CS2K switch, located at 703 E. Grace Street, Richmond, VA 23219. All traffic to be migrated to the Grace Street VA CS2K switch includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC IXC), wireless and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

All carriers—including competitive local exchange carriers (CLECs), Interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers—will need to provision new trunk groups to support direct end office trunking to the Grace Street VA CS2K switch or have existing trunk groups to that switch augmented.

All ASRs for the Grace Street VA CS2K must be received no later than **July 6, 2026**, to provide sufficient time to migrate the traffic described above. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Petersburg VA 5ESS switch (**on or after July 29, 2026**). This will serve to guide interconnect re-routes of traffic for the NPA codes currently served by the Petersburg VA 5ESS switch to reflect the Grace Street VA CS2K as the new home switch. All trunks to the Grace Street VA CS2K must be in place prior to the decommissioning of the Petersburg VA 5ESS switch.
